Men's Provincial Master's B-Cup	FC Sumy (VM SL)
Men's Provincial Over-45 Cup	Surrey FC Temple (VM SL)

Men's Provincial Over-45 Cup

Draw Procedure

In 2025, there will be ten (10) teams in the Men's Provincial Over-45 Cup Draw.

Each league will receive one (1) seeded berth, along with the previous year's winner (VMSL) receiving an extra (1) seeded berth. The seeded teams will be designated into home game slots and be given a bye into the second round.

VMSL's seeded spot will be drawn into the opposite side of the bracket as last year's winner spot from VMSL.

The remaining sections of the bracket will populate with the first two (2) teams drawn being placed in available quarter finals round positions, from top to bottom. After the first two Quarterfinals slots are filled the remaining teams will be drawn into the next available slot in the Preliminary Round, from top to bottom on the bracket until all positions are filled.

Teams that are from the same league cannot be drawn as opponents in the Preliminary Round. If a team from the same league is drawn as your opponent, they will be drawn into the next available slot from top to bottom on the bracket until all positions are filled.

Should a team be drawn into a 'home game slot' but not able to fill the slot because it was against a team from their league they will then move down to the next available 'home game slot'. This process will be repeated in an 'away game slot' scenario.

Women's Provincial Masters B-Cup Draw

Draw Procedure

In 2025, there will be six (6) teams in the Women's Masters Provincial B-Cup Draw.

Each league will receive one (1) seeded berth and a home match in the Quarterfinals. The remaining sections of the bracket will populate with remaining teams drawn into the available Preliminary Round positions, from top to bottom.

Should a team be drawn into a 'home game slot' but not able to fill the slot because it was against a team from their league they will then move down to the next available 'home game slot'. This process will be repeated in an 'away game slot' scenario.

Given that LIWSA holds 4 of 6 berths in the Women's Masters B-Cup division, it will be unavoidable for teams to not play another from their own league, so this stipulation will not be considered.

Men's Provincial Masters B-Cup Draw

Draw Procedure

In 2025, The Men's Provincial Masters B-Cup will feature sixteen (16) teams from four (4) different leagues. All leagues will receive one (1) seeded spot, with last year's winner (VMSL) receiving an extra (1) seeded berth. These five (5) seeded teams will be drawn into the five (5) seeded positions labeled on the bracket and guaranteed a home match in their first matchup. VMSL's seeded spot will be drawn into the opposite side of the bracket as last year's winner berth from VMSL.

The remaining teams will be randomly drawn into the Preliminary Round. The bracket will populate with the first team drawn being slotted into the first available position starting from the top of the bracket.

Teams that are from the same league cannot be drawn as opponents in the Preliminary Round. If a team from the same league is drawn as your opponent, they will be drawn into the next available slot from top to bottom on the bracket until all positions are filled.

Should a team be drawn into a 'home game position' but not able to fill the position because it was against a team from their league they will then move down to the next available 'home game slot'. This process will be repeated in an 'away game slot' scenario.

Should two teams from the same league are within the final two slots drawn, the next available team from the bottom up and within the same home/away position will be swapped with a team not from the same league to ensure no teams from the same league play each other in the preliminary round.

Women's Provincial Masters A-Cup Draw

Draw Procedure

The 2025 Women's Masters A-Cup has three (3) teams participating from two (2) different leagues. All leagues will receive one (1) seeded berth. One (1) seeded team will draw into the home berth for the Women's Masters A-Cup Final and the other (1) seeded team will draw into the home berth for the Semi Final match. The last remaining undrawn team will be placed into the away berth in the Women's Masters A-Cup Semi Finals.

Given that LIWSA holds 2 of 3 berths in the Women's Masters A-Cup division, and MWSL holds the other seeded berth, the stipulation that allows for teams to not play another from their own league will not be considered in this draw.

Deryl Hughes Men's Provincial Masters A-Cup Draw

Draw Procedure

In 2025, there will be fourteen (14) teams competing in the Deryl Hughes Men's Provincial Masters A-Cup. Each league will receive one (1) seeded berth with the previous year's winner (VMSL) receiving an extra. These teams will be designated into home game slots and given a bye into the second round.

VMSL's seeded spot will be placed on the opposite side of the bracket as last year's winner spot from VMSL.

The remaining teams will be randomly drawn into the Preliminary Round. The bracket will populate with the first team drawn being slotted into the first available position starting from the top of the bracket.

Teams that are from the same league cannot be drawn as opponents in the preliminary round. If a team from the same league is drawn as your opponent, they will be drawn into the next available slot from top to bottom on the bracket until all positions are filled.

Should two teams from the same league are within the final two slots drawn, the next available team from the bottom up and within the same home/away position will be swapped with a team not from the same league to ensure no teams from the same league play each other in the preliminary round.

Should a team be drawn into a 'home game slot' but not able to fill the slot because it was against a team from their league they will then move down to the next available 'home game slot'. This process will be repeated in an 'away game slot' scenario.

Leeta Sokalski Women's Provincial B-Cup Draw

Draw Procedure

In 2025, there will be ten (10) teams in the Leeta Sokalski Women's Provincial B-Cup Draw.

Each league will receive one (1) seeded berth, along with the previous year's winner (MWSL) receiving an extra. The seeded teams will be designated into home game slots and be given a bye into the second round.

MWSL's seeded spot will be placed on the opposite side of the bracket as last year's winner spot from MWSL.

The remaining sections of the bracket will populate with the first two (2) teams drawn being placed in available Quarter-Finals round positions, from top to bottom. After the first two Quarter-Finals slots are filled the remaining four (4) teams will be drawn into the next available slot in the Preliminary Round, from top to bottom on the bracket until all positions are filled.

Teams that are from the same league cannot be drawn as opponents in the Preliminary Round. If a team from the same league is drawn as your opponent, they will be drawn into the next available slot from top to bottom on the bracket until all positions are filled.

Should a team be drawn into a 'home game slot' but not able to fill the slot because it was against a team from their league they will then move down to the next available 'home game slot'. This process will be repeated in an 'away game slot' scenario.

Women's Provincial A-Cup Draw

Draw Procedure

In 2025, there will be ten (10) teams in the Women's Provincial A-Cup Draw.

Each league will receive one (1) seeded berth, and those teams will be designated into home game slots in the Quarter-Finals round, with last year's winner (MWSL) receiving an extra (1) seeded berth. These three (3) seeded teams will be drawn into seeded positions labeled on the bracket and guaranteed a home match in their first matchup.

The remaining sections of the bracket will populate with the first three (3) teams drawn being placed in available Quarter-Finals round positions, from top to bottom. After the first three (3) Quarter-Finals slots are filled the remaining teams will be drawn into the next available slot in the Preliminary Round, from top to bottom on the bracket until all positions are filled.

Teams that are from the same league cannot be drawn as opponents in the preliminary round. If a team from the same league is drawn as your opponent, they will be drawn into the next available slot from top to bottom on the bracket until all positions are filled.

In the Preliminary Round, a match between two MWSL's is unavoidable.

Should a team be drawn into a 'home game slot' but not able to fill the slot because it was against a team from their league they will then move down to the next available 'home game slot'. This process will be repeated in an 'away game slot' scenario.
